**TITLE:** Regulatory Compliance Impact Assessment - Template

REV.: C

REGULATORY COMPLIANCE IMPACT ASSESSMENT						
□EPD □ECR	□GEPC	Number: <insert< td=""><td># associated with</td><td>n change.&gt;</td><td>CAPA Asso</td><td>ciated: <select one.=""></select></td></insert<>	# associated with	n change.>	CAPA Asso	ciated: <select one.=""></select>
☐ <insert other=""></insert>		Level: L3L			CAPA ID: <	Insert CAPA ID>
Problem Statement / Change Scope						
<li><ld></ld> <li>Identify the problem statement or the engineering design change scope that is to be assessed and why the change is being made.&gt;</li> </li>						
Description of the Product						
<insert a="" accessories="" and="" brief="" change.="" description="" in="" of="" product="" scope="" the="" this=""></insert>						
Affected Product Family / Model(s) and Accessories (Do not embed documents for PDF visibility)						
Models: <identify by="" change.="" design="" impacted="" skus="" the="" this=""></identify>						
Accessories: <identify "n="" a="" accessories="" any="" are="" as="" being="" by="" change.="" design="" identified="" if="" impacted="" impacted".="" impacted,="" no="" state="" this="" –=""></identify>						
Note: Complete SKUs/Models shall be provided, with descriptions (if needed). If the product has SKUs that fall under multiple "device types", identify the device type for the SKUs (i.e., table provided that shows the SKUs and which device types they fall under). If the Accessories are used with both GP and non-GP models, this must be specified.						
GENERAL						
Impact to Manufacturer						
Design Owner: <choose an="" item.=""> Other (if applicable): <fill "other"="" chosen.="" if="" in="" is=""> Name of OEM (if applicable): <name oem="" of=""></name></fill></choose>						
Manufacturing Site: AVL ARR LSB OHA SNG Other OEM CM (External)						
Other (if applicable): <fill "other"="" chosen.="" if="" in="" is=""> Name of OEM (if applicable): <name oem="" of="">  CM (External – if applicable): <name cm="" of=""></name></name></fill>						
Design is Copy Exact: <choose an="" item.=""></choose>						
New models SKUs to be created in scope of this project:						
<if a="" are="" be="" created,="" field.="" in="" n="" new="" no="" place="" skus="" there="" this="" to=""></if>						
Device Type (based on Intended Use) and Known Markets						
Select the appropriate Device Type category based on the Intended Use for the product (reference the products User Manual). If the product family						
and/or accessory(s) span between multiple device types, all Device Types must be selected.						
	Device Type	N. America	EMEA	LATA	М	APAC
General Purpose (GP)						✓
Medical (MD)						☑
In Vitro Diagnostics (IVD)						✓
Gen Purpose + Cell G	ene Therapy (GP + CGT)					✓
Accessories in Scope (GP / MD / IVD / GP + CGT) <highlight device="" impacted="" only="" type=""></highlight>						V
